

# ***A Prayer*** *for* *Students in* ***Eleventh Grade***

*Lord,*

*I come before you to say a prayer for students in the eleventh grade. Help them to love you with all of their heart, soul, mind and strength. Give them a desire to seek your face and to follow you all the days of their lives. As they continue on their high school journey, guide their steps and illuminate their paths before them. Thank you for the passions and skills you have given to them, and may they continue to develop those gifts and pursue their interests with joy.*

*Amen.*
