

# ***A Prayer*** *for* *Students in* ***Seventh Grade***

*Lord,*

*I pray for the seventh graders in our community. Give them discernment to understand the world you have created, and to obey your Word with all their hearts. Help them to pursue their studies with joy and wonder as they discover the gifts and skills you have given them. Teach them to discern between right from wrong, and give them insight into the best decisions to make as they navigate the middle school years.*

*Amen*
